*Note: All petitions, concentrations, advisor approved electives, tech elective statements, minor electives, and GE certification require a manual student exception. These overrides are in the form of course directives, requirement changes, or waivers that are applied by Evaluations to an individual's record before it appears on the Degree Audit. If you received a manual Transfer Evaluation or Graduation Evaluation, please refer to it, as these have been updated by Evaluations.*

**REQUIREMENT DISCREPANCY**

If after carefully reading the above parameters, you still believe that the DPR has an error or does not match the catalog year requirements (Requirement Term) as described in the Cal Poly catalog, please contact Evaluations or schedule an [appointment](#) with an Academic Progress Counselor.
